**TRUCK GROUP**

**May 2002**

**Authorized Field Change G-02901**

Dear International Customer

International Truck and Engine Corporation has implemented a program to add a Bracket and clip to the hydraulic brake cylinder drop hoses in 4300, 4400 Models built between August 14, 2000 and October 15, 2001 to prevent possible contact with the intermediate steering shaft.

The vehicle on the enclosed card fits the description, and our records show that you own this vehicle.

International Dealers have instructions and the authorization to perform this service for one year from the date of this issue. Please contact your dealer for an appointment to bring your vehicle in to have this service performed at no charge during the qualifying time period ending May 31, 2003 or within the normal warranty period for the vehicle, if after May 31, 2003.

Please give this your prompt attention.

We apologize for any inconvenience this may cause you.
